

PERMANENT ROOFLINE LIGHTING

Installed once. Lit for every occasion.

Forever Lights is a slim aluminum track, colour-matched to your soffit, holding sealed LED lights you control from your phone. It goes up once and stays up: warm white on an ordinary evening, red and green in December, orange for Halloween, your team's colours on game night.

Invisible by day

The track matches your trim, so in daylight it reads as part of the roofline.

Phone controlled

Colours, brightness, effects and dusk-to-dawn schedules from the app, anywhere.

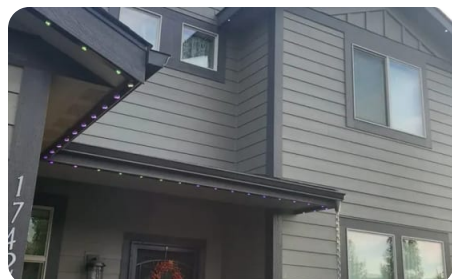

Installed once

No November install, no January take-down, no ladders and no storage bins.

Every holiday, all year

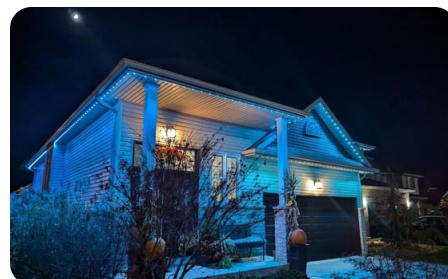

Christmas, Halloween, Canada Day, Valentine's, or plain warm white every night.

By day: the track disappears

Every night: warm white

Halloween: one tap

HOW IT WORKS

Three steps, and the last one is your phone

1. Free site visit

We measure the roofline, match the track to your trim and leave a written quote, usually within 24 hours.

2. One-day install

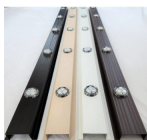

Our crew mounts the track, runs the low-voltage wiring and tests every zone. Most homes are done in a day.

3. Handover

We connect the app, save an everyday warm white and a holiday scene, and set your dusk-to-dawn schedule.

WHAT GOES ON YOUR HOME

Aluminum track

Colour-matched to your trim. Each 42-inch piece holds five lights.

RGBW light strands

Five sealed lights per strand, joined with twist connectors.

Power supply

Steps household power down to 12 V from a standard outlet.

Data amplifier

Keeps colours crisp and in sync to the far end of a long run.

BUILT FOR ONTARIO WINTERS

12 V low voltage

Plugs into an existing GFCI outlet. A standard install needs no permit.

IP67 sealed

Lights and connectors are sealed against snow, ice and rain.

Rated to -40°C

Nothing comes down or gets covered for winter.

RGBW LEDs

16 million colours plus a dedicated warm-white diode.

50,000-hour LEDs

Over 20 years at six hours a night.

Any soffit

Wood, aluminum and vinyl. Track in white, black, brown, beige or custom.

BACKED IN WRITING

5-year parts warranty. Lights, track, connectors, power supply and controller.

1-year workmanship warranty on everything we install.

Free phone and remote support for as long as you own the system.

PRICING

Professionally installed from **\$1,665**. DIY kits from **\$1,265**. Financing over 24 months at 10% APR, about **\$46/month per \$1,000** (on approved credit).
