

FOR OUR SEASONAL CHRISTMAS CUSTOMERS

You have already paid for permanent lights. One season at a time.

A seasonal display is rented. Every fall someone climbs up to clip it on, every January someone comes back to take it down, and next year the bill arrives again. A permanent system is paid for once.

TYPICAL SEASONAL INSTALL

\$1,050 every season

Median of 211 homes last season. Most paid between \$800 and \$1,600.

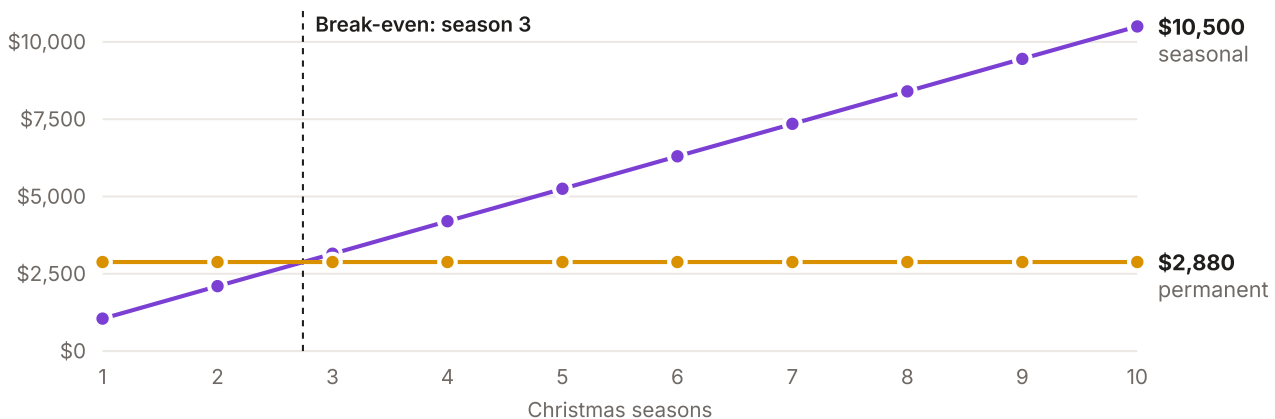

TYPICAL FOREVER LIGHTS INSTALL

\$2,880 once

Median of 32 homes. Most paid between \$2,520 and \$3,600.

WHAT EACH ONE COSTS OVER TIME

— Seasonal install & take-down, every year — Forever Lights, installed once

RUNNING TOTAL	SEASONAL	PERMANENT	DIFFERENCE
After 1 season	\$1,050	\$2,880	\$1,830 to go
After 2 seasons	\$2,100	\$2,880	\$780 to go
After 3 seasons	\$3,150	\$2,880	\$270 saved
After 5 seasons	\$5,250	\$2,880	\$2,370 saved
After 10 seasons	\$10,500	\$2,880	\$7,620 saved

Both lines use the medians above. Seasonal prices are held flat for ten years, which flatters the seasonal option: in practice labour costs rise. The permanent line is the install price only; the lights use about as much electricity as a few household LED bulbs.

Run your own numbers

Every house is different. Here is the same arithmetic with yours.

$$\begin{array}{ccc}
 \text{WHAT YOU PAID LAST SEASON} & \times & \text{SEASONS YOU PLAN TO STAY} & = & \text{SEASONAL, ALL IN} \\
 \\
 \text{YOUR FOREVER LIGHTS QUOTE} & & \text{SEASONS TO BREAK EVEN (QUOTE } \div \text{ SEASONAL PRICE)} & &
 \end{array}$$

WHAT ELSE STOPS

- Booking an install slot in the October rush
- Waiting on a crew to come back in January for take-down
- Someone on a ladder at your roofline twice a year
- Timers, extension cords and burnt-out strings
- Lights that only work for six weeks of the year

WHAT YOU GET INSTEAD

- Warm white every night, all year, on a schedule
- Halloween, Canada Day, Valentine's and game nights with one tap
- A track colour-matched to your soffit that disappears by day
- 5-year parts and 1-year workmanship warranty
- Financing over 24 months: about \$133/month on a \$2,880 install

Daytime: the track reads as trim

Night: red and white for the holidays
